

Class 90s over the Years

On the 8th March 2010, TRE (UK) published a 12 page article on the "Class 90s over the Years" in joint partnership with me (the website owner). The front cover of the magazine which featured the article is shown below with permission from Today's Railways.

The article in question looks back at the history of the mixed traffic locomotives, with particular emphasis being placed on:

- Operating Characteristics
- Testing & Service Introduction
- Operational Routes
- Incidents & Accidents
- Technical Data
- Livery Variations & Allocations
- Privatisation post 1993
- Sleeper Duties & Rare Workings
- Current Workings & The Future

If you wish to subscribe to Today's Railways please contact Platform 5 on 0114-255-800 for back issues including in the class 90 article noted here which featured in their April 2010 edition.

In addition, If you like to make a contribution to the magazine like I did, then initial enquiries should be directed to Robert@platform5.com
