

JUNE 2017 ENGINEERING WORK ALTERATIONS

Updated 29/5/17

Greater Anglia Operations

Thursday 1st June

Late evening engineering work on the GEML will result in a number of services between London and Norwich being amended. See link for more details.

Saturday 3rd June

Norwich to London services are run to as normal albeit with minor extended journey times as a result of some lines being closed for Crossrail engineering work.

Sunday 4th June

The GEML will be shut between Diss and Manningtree for the entire day resulting in an hourly shuttle service on either side of the block.

Monday 5th to Wednesday 7th June

Late evening engineering work between Ipswich and Stowmarket will result in services being amended which includes extended journey times and some trains terminating at Ipswich.

Saturday 10th June

The 22:30 and 23:30 London to Norwich services will be re-timed to arrive at Norwich 25mins later than the scheduled timetable – this is due to planned engineering between Stowmarket and Diss.

Sunday 11th June

Early morning and late evening alterations for some services operating on the GEML between Norwich and London. See link for more details.

Monday 12th to Wednesday 14th June

Late evening engineering work continues between Stowmarket and Diss which will impact on the last couple of services.

Sunday 18th June

Some morning services on the GEML between Norwich and London and vice-versa will be amended and/or will not run. For more details, click on link above.

Monday 19th to Wednesday 21st June

Late evening engineering work will take place between Colchester and Ipswich on the above dates, which will impact on the last couple of trains of the day.

Sunday 25th June

Some morning services on the GEML between Norwich and London and vice-versa will be amended and/or will not run. For more details, click on link above.

Monday 26th to Wednesday 28th June

Late evening engineering work will take place between Colchester and Ipswich on the above dates, which will impact on the last couple of trains of the day.

There were no further alterations to report on for the month June 2017 at the time of writing.

Scotrail Sleeper Operations

Sunday 4th June

The northbound and southbound sleepers will be diverted via the ECML on the above date due to engineering work on the WCML north of Preston.

Sunday 11th June

The northbound and southbound sleepers will be diverted via the ECML on the above date due to engineering work on the WCML north of Preston.

Sunday 18th June

The northbound and southbound sleepers will be diverted via the ECML on the above date due to engineering work on the WCML north of Preston.

Sunday 25th June

- 1S26 and 1M11 are booked to divert via the West Midland area on the above date
- 1S25 and 1M16 operate via the Trent Valley route with no diversions

The above diversions were correct at the time of writing, but there may well be variants to these diversions on a week-by-week basis during June 2017. Please refer to www.realtimetrains.com for more details.

Freightliner Operations

June 2017 Alterations

There were no major engineering work alterations to report for Freightliner at the time of writing. However, last minute alterations can and do take place, therefore this factsheet will be updated accordingly.
