

# MAY 2017 ENGINEERING WORK ALTERATIONS

Updated 29/4/17

## **Greater Anglia Operations**

### **Saturday 29<sup>th</sup> April**

A half-hourly loco-hauled shuttle service shall operate between Norwich and Ingatestone only with onward connections to London by bus and LUL tube.

### **Sunday 30<sup>th</sup> April**

An hourly loco-hauled shuttle service shall operate between Norwich and Ingatestone only with onward connections to London by bus and LUL tube.

### **Monday 1<sup>st</sup> May**

A half-hourly loco-hauled shuttle service shall operate between Norwich and Colchester with one train an hour to Ingatestone only with onward connections to London by bus and LUL tube.

### **Tuesday 2<sup>nd</sup> May**

Late evening engineering work on the GEML will result in a number of services between London and Norwich being amended. See link for more details.

### **Wednesday 3<sup>rd</sup> May**

Late evening engineering work on the GEML will result in a number of services between London and Norwich being amended. See link for more details.

### **Saturday 6<sup>th</sup> May**

The 23:30 Liverpool Street to Norwich will terminate at Ipswich for onward connections by bus to Norwich.

### **Sunday 7<sup>th</sup> May**

Owing to engineering work in the Stratford area and Norwich to Ipswich first thing in the morning, some services will be amended. See link for more details.

### **Monday 8<sup>th</sup> to Wednesday 10<sup>th</sup> May**

Late evening engineering work on the GEML will result in a number of services between London and Norwich being amended. See link for more details.

### **Sunday 14<sup>th</sup> May**

The route between Marks Tey and Ipswich will be shut all day resulting in significant amendments to services between Norwich and London.

### **Monday 15<sup>th</sup> to Wednesday 17<sup>th</sup> May**

Late evening engineering work on the GEML will result in a number of services between London and Norwich being amended. See link for more details.

### Saturday 20<sup>th</sup> May

Owing to planned engineering work in the Stratford area, all services will be retimed for the entire. Please refer to link for more details.

### Sunday 21<sup>st</sup> May

Owing to planned engineering work, the GEML will be shut between Chelmsford and Marks Tey for the entire day. All services will be amended.

### Monday 22<sup>nd</sup> to Thursday 25<sup>th</sup> May

Late evening service alterations due to engineering work between Witham and Ipswich. See link for more details.

### Sunday 28<sup>th</sup> May

An hourly loco-hauled shuttle service shall operate between Norwich and Ingatestone only with onward connections to London by bus and LUL tube.

### Monday 29<sup>th</sup> May

A half-hourly loco-hauled shuttle service shall operate between Norwich and Colchester with one train an hour to Ingatestone only with onward connections to London by bus and LUL tube.

### Tuesday 30<sup>th</sup> to Wednesday 31<sup>st</sup> May

Late evening engineering work on the GEML will result in a number of services between London and Norwich being amended. See link for more details.

**There were no further alterations to report on for the month May 2017 at the time of writing.**

---

## ***Scotrail Sleeper Operations***

### Sunday 30<sup>th</sup> April

The northbound and southbound sleepers will be diverted via the ECML on the above date due to engineering work on the WCML north of Preston.

### Monday 1<sup>st</sup> May

The northbound and southbound sleepers will be diverted via the ECML on the above date due to engineering work on the WCML north of Preston.

### Sunday 7<sup>th</sup> May

The northbound and southbound sleepers will be diverted via the ECML on the above date due to engineering work on the WCML north of Preston.

### Sunday 14<sup>th</sup> May

The northbound and southbound sleepers will be diverted via the ECML on the above date due to engineering work on the WCML north of Preston.

### Sunday 21<sup>st</sup> May

The northbound and southbound sleepers will be diverted via the ECML on the above date due to engineering work on the WCML north of Preston.

### Sunday 28<sup>th</sup> May

The northbound and southbound sleepers will be diverted via the ECML on the above date due to engineering work on the WCML north of Preston.

### Monday 29<sup>th</sup> May

The northbound and southbound sleepers will be diverted via the ECML on the above date due to engineering work on the WCML north of Preston.

The above diversions were correct at the time of writing, but there may well be variants to these diversions on a week-by-week basis during May 2017. Please refer to [www.realtimetrains.com](http://www.realtimetrains.com) for more details.

---

## ***Freightliner Operations***

### May 2017 Alterations

The GEML will be shut on a number of weekends during May including the two bank holiday weekends. During these closures, all freights which usually use the GEML via Stratford will be diverted via Ely and Peterborough using diesel traction.

In addition, the WCML will be shut north of Carlisle over the two Bank holiday weekends, which means the Daventry to Coatbridge and vice-versa will be routed via the ECML using diesel traction throughout.

There was nothing else that needed to be reported on at the time of writing, but new engineering work closures occur an ad-hoc basis, therefore this may affect the operations of Freightliner services using electric traction.
