Original Allocations

90002 (1P04), 90004 (1P19), 90005 (1P03), 90007 (1P02), 90009 (1P05), 90011 (1P01), 90012 (1P13), 90013 (1P07), 90014 (1P15), 90015 (1P25)

Amended Allocations and workings

Later on, in the day 90007 and set were taken out of service for attention. This resulted in some services stepping up at Norwich until the set returned for 1P47.

In addition, 90011 suffered loss of air while working 1P46 near Manningtree and returned at slow speed to Colchester where the train was taken out of service and terminated. This resulted in further changes to the original allocations shown above.
