

# Engineering Work Alterations

---

February 2025

Updated 25/1/25

---

## NATIONAL SUMMARY

Nothing to report at the time of posting.

## ALL OPERATORS INCLUDING FREIGHTLINER

The service alterations shown below are for routes which class 90s operate on for Freightliner but these alterations also apply to other operators who do not use Class 90s.

### West Coast Main Line

#### WCML / Scotland / Midlands / South / NW England:

- Sunday 2<sup>nd</sup> and 9<sup>th</sup> February – Crewe to Norton Bridge closed (diversions via Stoke)

There were no other known alterations at the time of publication.

### East Anglia / GEML

- Saturday 1<sup>st</sup> & Sunday 2<sup>nd</sup> February – Partial closure of Liverpool Street to Shenfield (diversions apply for freight)
- Saturday 8<sup>th</sup> & Sunday 9<sup>nd</sup> February – Partial closure of Liverpool Street to Shenfield (diversions apply for freight)
- Saturday 15<sup>th</sup> & Sunday 16<sup>th</sup> February – Partial closure of Liverpool Street to Shenfield (diversions apply for freight)

There were no other known alterations to report on at the time of publication. However, engineering work does take place on various sections of the GEML during the week and at weekends at short notice. It is advisable to check real-time data sources for specific trains on specific days just to be sure that the train you're looking for is a runner or diverted.

---

## **DB CARGO**

### **WCML / Scotland / Midlands / NW England:**

Alterations for DB Cargo are no longer reported for the time being.
